Fax (775) 289-1463

Dear Business Owner,

The City has received a complaint and verified that your business is not in compliance with the Governor's Directive 024. This may include no signage regarding masks, employees not wearing masks, or customers not wearing masks. The City kindly asks you to review the directive found at <https://nvhealthresponse.nv.gov/news-resources/governor-directives-and-declarations/>, to ensure compliance and to use your best efforts to encourage mask use within your business within ten day of receipt of this letter. We have included the State-provided sign with this letter that you may post at entrances to your business. We understand the difficulties that come with this ever-changing issue, and we appreciate your cooperation. Please feel free to contact me with any questions.

Sincerely,

Caroline Townsend, Esq  
City Attorney
